

my Interceptor

is the new project by Power Marine: namely to include tenders and support crafts to the hulls of INTERCEPTOR 49 and 65, all completely custom-made.

The result will be the union of a hull of inimitable performance and a superstructure designed in close collaboration with the ship-owner. Thus sailing becomes a unique experience for the owner, in complete harmony with his boat, designed and built in his image and likeness, like a perfectly sewn dress.

In every detail and line he will recognize his idea, his thought or a trait that distinguishes him.

The degree of customization is much higher than the one of our competitors: in fact, our company offers the possibility to customize lines, design and details, as well as furniture components, to create tailor-made crafts that reflect the taste of the client.

Even today our production retains a preference for craftsmanship that makes each piece unique, exclusive and unrepeatable.

Nothing is left to chance, the attention to detail and love for beauty inebriate our creations.

HULL LENGHT	15,5 mt – 50 ft
LENGTH OVERALL	16,8 mt – 55 ft
MAX BEAM	2,9 mt – 9,5 ft
UNLADEN DISPLACEMENT	10.000 Kg
LADEN DISPLACEMENT	13.500 Kg
FUEL TANKS	3.500 lt
WATER TANKS	500 lt
BEDROOMS	2+1
ENGINE	2 x 800 HP Seatek diesel with 2 x BPM-POWER MARINE Surface Drive
MAX SPEED	65 Kn - 75 Mph
CRUISE SPEED	55 Kn - 63 Mph
PEOPLE ON BOARD	10
FUEL CONSUMPTION AT MAX SPEED	300 lt/h
FUEL CONSUMPTION AT CRUISE SPEED	250 lt/h
